Introduction

Coverage for winch pulled towed water sport activities, or activities that involve a 'start pool' can be covered within Water Ski and Wakeboard Canada's (WSWC) insurance program, but only by special application (this form) and payment of an additional fee. Decision on whether to accept the application and offer the coverage is based upon safety considerations, and is at the sole discretion of WSWC. The premium for adding winch coverage extends to a total of four (4) separate winch activities. An additional premium will apply for each activity beyond. Please contact Water Ski and Wakeboard Canada for more information.

Instructions

Please provide ALL the following information.

Are you applying for multiple, separate events (i.e. different weekend demos) with the same location, venue and set-up? _____ If yes, how many _____

If yes, use this one application form listing all dates. If no, submit separate applications for each event.
